CORE CONCEPTS OF BALANCE

Balance is key to all movement! Training on an unstable surface like the Mini K9FITbone™ helps build core muscles, body awareness, and balance for dogs of all ages and breeds. Plus balance training is a fun way to build a better bond with your dog and teach them a new behavior. Keep fitness fun, reduce stress, burn excess calories, and provide a healthy "job" for your dog with the Mini K9FITbone!

- Core and Limb Strength
- Improve Coordination
- Better Joint Health
- Create a Stronger Bond
- Reduce Behavior Challenges
- Senior Strengthening
- Puppy Confidence Building
- Fun Fitness Play

Mini K9FITbone™

- Superior Gripping - Made For Dogs
- Sensory Bumps Provide Neural Stimulation
- Low Platform Design for Dogs of Any Age, Breed or Size
- Professional Grade Quality

USE NOTICE: The Mini K9FITbone™ has two training surfaces: a flat/smooth surface and a textured surface. The Mini K9FITbone™ balance difficulty can be easily adjusted by removing or adding air with an air pump. The Mini K9FITbone™ is designed to be used inside or outside. Please ensure the area is clear of sharp objects like rocks, sticks, etc.

The Mini K9FITbone™ can be used for weight bearing activities and balance training for companion pets, sporting and working dogs, or for animal rehabilitation and therapy.

Do Not Use Mini K9FITbone™ until you have read the instructions sheet included.

WARNING: Before beginning this or any physical activity with your dog, ensure they are in good health.

A trip to your Veterinarian is a great way to start off on the right paw and reduce risk of injury.

CARE INSTRUCTIONS: Do not use harsh or abrasive chemical cleaners on the Mini K9FITbone™ as it might scratch it. Keep Mini K9FITbone™ from heat source and never leave outside in the weather or sunlight. Wash with warm soapy water.
