AGILITY SET CONE CRAWL

- Start with your dog on leash. Bars on top level.
- Using a high value food treat, drag it along the ground close to your dog's nose to lure your dog under the bars.
- Reward the "Crawl" behavior - that means reward when your dog crawls a little.

K9FITBONE™ SIT TO STAND

- Start with the dog's front legs on the K9FITbones™. Use the "Sit" Command. The dog's hind end should sit on the floor with front limbs on the bones.
- Lure the dog up to a stand with voice command "Up" and reward with a treat. Ensure the front limbs remain on the K9FITbones. Repeat.
- Progress by encouraging your dog to stand completely on the K9FITbones Front Paws on one mini - back paws on second mini.
